

HAND PROTECTION

Multi Functional series

ITEM NO:09 4653 | HEAT-PROTECTION GLOVE MADE OF ARAMID FABRIC

Cut-resistant and abrasion-resistant. Good handling. For machining non-deburred objects as well as for welding work and in metal/container construction

- Contact heat up to 250°C
- Radiated heat up to 1000°C
- Backing material: Aramid fabric
- length: 380mm
- EN388:2003 1542 EN407 423444

ITEM NO:09 4654 | HEAT PROTECTION GLOVES WITH SEBATAN LEATHER ON THE PALMS.

Good freedom of movement and good touch sensitivity. With simple cotton lining. Suitable for metalworking and shipbuilding, and for light welding work with exposure to radiated heat

- Contact heat up to 250°C
- Radiated heat up to 1000°C
- Backing material: Sebatan leather
- length: 380mm
- EN388:2003 4244 EN407 423444

ITEM NO.:AP-4501 14" | ALUMINIZED WELDING GLOVES

Made of select A/AB grade shoulder split cowhide leather feature heat and abrasion resistant. Aluminumized back for heat reflection and against sparks and spatters.

- Sewn with strength and flame retardant Dupont KAVLAR spread.
- Wing thumb for seamless palm durability.
- Full welted for more durability.
- Extra soft padded liner provide extra heat-blocking comfort.
- 14" long Size L XL 2XL 3XL

HAND PROTECTION

Multi Functional series

ITEM NO. : AP-1201 WELDING GLOVES

Made of select A/AB grade shoulder split cowhide leather feature heat and abrasion resistant. All sewn with KEVLAR thread offer greater protection against sparks and abrasion.

Wing thumb for durability and convenient handhold. Thumb and palm pads provide extra reinforcement in a sky stress area.

- Full welted for more durability.
- 100% cotton lining for absorbing sweat and improved grip. 14" long
- Size M L XL 2XL
- EN 12477:2001+A1:2001

ITEM NO: AP-0808 COFFEE LEATHER WELDING GLOVES

Made of select A/AB grade shoulder split cowhide leather feature heat and abrasion resistant. All sewn with Kevlar thread offer greater protection against sparks and abrasion.

- Wing thumb for seamless palmdurability.
- Full palm & 100% cotton lining.
- Full welted for more durability.
- 14" long.
- Size M L XL 2XL
- EN 12477:2001+A1:2005

ITEM NO.: AP-3201

Made of select A/AB grade shoulder split cowhide leather feature heat and abrasion resistant. All sewn with KEVLAR thread offer greater protection against sparks and abrasion. Wing thumb for durability and convenient handhold. Thumb and palm pads provide extra reinforcement in a sky stress area.

- Full welted for more durability.
- 100% cotton lining for absorbing sweat and improved grip. 14" long.
- Size M L XL 2XL
- EN 12477:2001+A1:2005
